**Note Bulletin #4 is the last submission date for Course Changes related to credits or prerequisites so Fall registration beginning March 15th will reflect changes.

***Course submissions in Bulletin #5 will be included in the Fall 2026 catalog but students will not be able to register until courses are finalized in the Statewide Course Numbering System (SCNS) and the Office of the Registrar enters into PantherSoft. Note: any change to a pre-requisite submitted in Bulletin 5 will not prevent a student from registering. The week before classes, when Panthersoft completes its pre-requisite check, students will be automatically dropped, and the availability of other choices will be severely limited.
