**Tovah Bender
History Department**

Justification for Name Change to Existing Course:

**HIS 4941: Internship in History
Changing to
HIS 4941: Internship in Public History**

HIS 4941 Internship in History (0-6). Students enrolled in this internship will gain hands-on experience in archives, libraries, museums, or public history projects. This experience will provide useful preparation for a number of careers or fields of study. May be repeated. Prerequisite: Permission of the department required.

This name change relates to the title of the course description listed above. The History Department has offered, for some time, an opportunity for students to take part in an internship which is a focused internship in the field of museum studies and public history. To bring the course title of this existing course in line with this existing description, we would like the course to now be titled **HIS 4941 Internship in Public History**.

RESULT of this change and the second submitted change:

There will be a new course with the title HIS 4XXX Internship in History, to cover students interested in multiple areas of historical work. The existing course, HIS 4941 Internship in History, will now be called HIS 4941 Internship in Public History, to reflect its existing specific focus on public history. So there will be TWO Internship courses now offered, one brand new, the other with a new name.
